Enhance

YOUR APPEARANCE
AT B CLINIC

Welcome

AT B CLINIC, WE AIM TO RESTORE AND ENHANCE YOUR NATURAL BEAUTY AS WELL AS PREVENT PREMATURE AGEING.

Providing outstanding services since 2001, we are predominantly a doctor-only clinic. Each practitioner is highly experienced and combines their technical expertise with an aesthetic eye to give you beautiful natural results.

In addition, our highly skilled board registered nurses and qualified laser technicians/dermal therapist will work with you to create healthier, glowing skin.

Our team look forward to accompanying you on your journey towards a radiant, natural, more youthful appearance.

COSMETIC INJECTABLE TREATMENTS

MUSCLE RELAXANT

Anti-wrinkle/muscle relaxant injections are used to relax the muscles that cause facial wrinkles. These treatments can successfully smooth wrinkles and prevent lines from worsening. By relaxing these muscles, anti-wrinkle injections may help you achieve a more rejuvenated appearance.

During your free consultation with your b clinic practitioner, you will receive a treatment plan that includes a customised quote.

Suitable to treat: crow's feet, frown lines, horizontal lines, gummy smile, chin dimpling, jaw slimming, /teeth clenching, bunny scrunch, lip flip and hyperhidrosis (excessive sweating).

1 AREA	\$260
2 AREAS	\$460
3 AREAS	\$640

*Minimum 46-60 units per area. Free treatment reviews and muscle relaxant top-ups within one month of the initial treatment are still available if required. No additional cost if top up required on review. See full T&C's.

1/2 AREA	\$150
Suitable for those clients who don't require a full area dose.	
SMALL AREA	\$110
Bunny scrunch, lip flip, brow lift, oral commissures, gummy smile, chin.	
JAW SLIMMING	\$520
HYPERHIDROSIS	\$200 PER SYRINGE
Suitable for underarms, palms of hands and soles of feet.	

*Please note the above pricing structure for muscle relaxants is applicable across all b clinic locations, excluding Queen St, Brisbane City clinic.

DON'T KNOW WHERE TO BEGIN?

To find out which is the best treatment to address your concerns or achieve your desired result, ask your b clinic practitioner during your free consultation.

REFRESH, RESTORE & ENHANCE | 5

DERMAL FILLER

Our skilled injectors use dermal filler to restore volume loss and enhance facial features in the most natural way possible.

At b clinic, we are well known for providing rejuvenating dermal filler treatments that keep our clients looking like themselves but fresher. Your journey with us starts with a complimentary consultation with one of our experienced doctors or nurses, who will conduct a full facial assessment. Based on your aesthetic needs and concerns, your practitioner will develop a personalised treatment plan and provide a customised quote.

0.8 ML	\$450
1 ML	\$550

Regardless of the dermal filler product that is required (thin, medium or thick) or the treatment area, (lips, tear troughs, cheeks, mid-face hollowing, nasolabial folds, extended smile lines, chin, temples, forehead and nose), our 1ml price is a fixed price of \$550. Your practitioner will conduct a total face assessment during your free consultation and provide you with a customised quote. This allows your practitioner to create a bespoke treatment plan based on your aesthetic needs and desires.

*Please note the above pricing structure for dermal fillers is applicable across all b clinic locations, excluding Queen St, Brisbane City clinic.

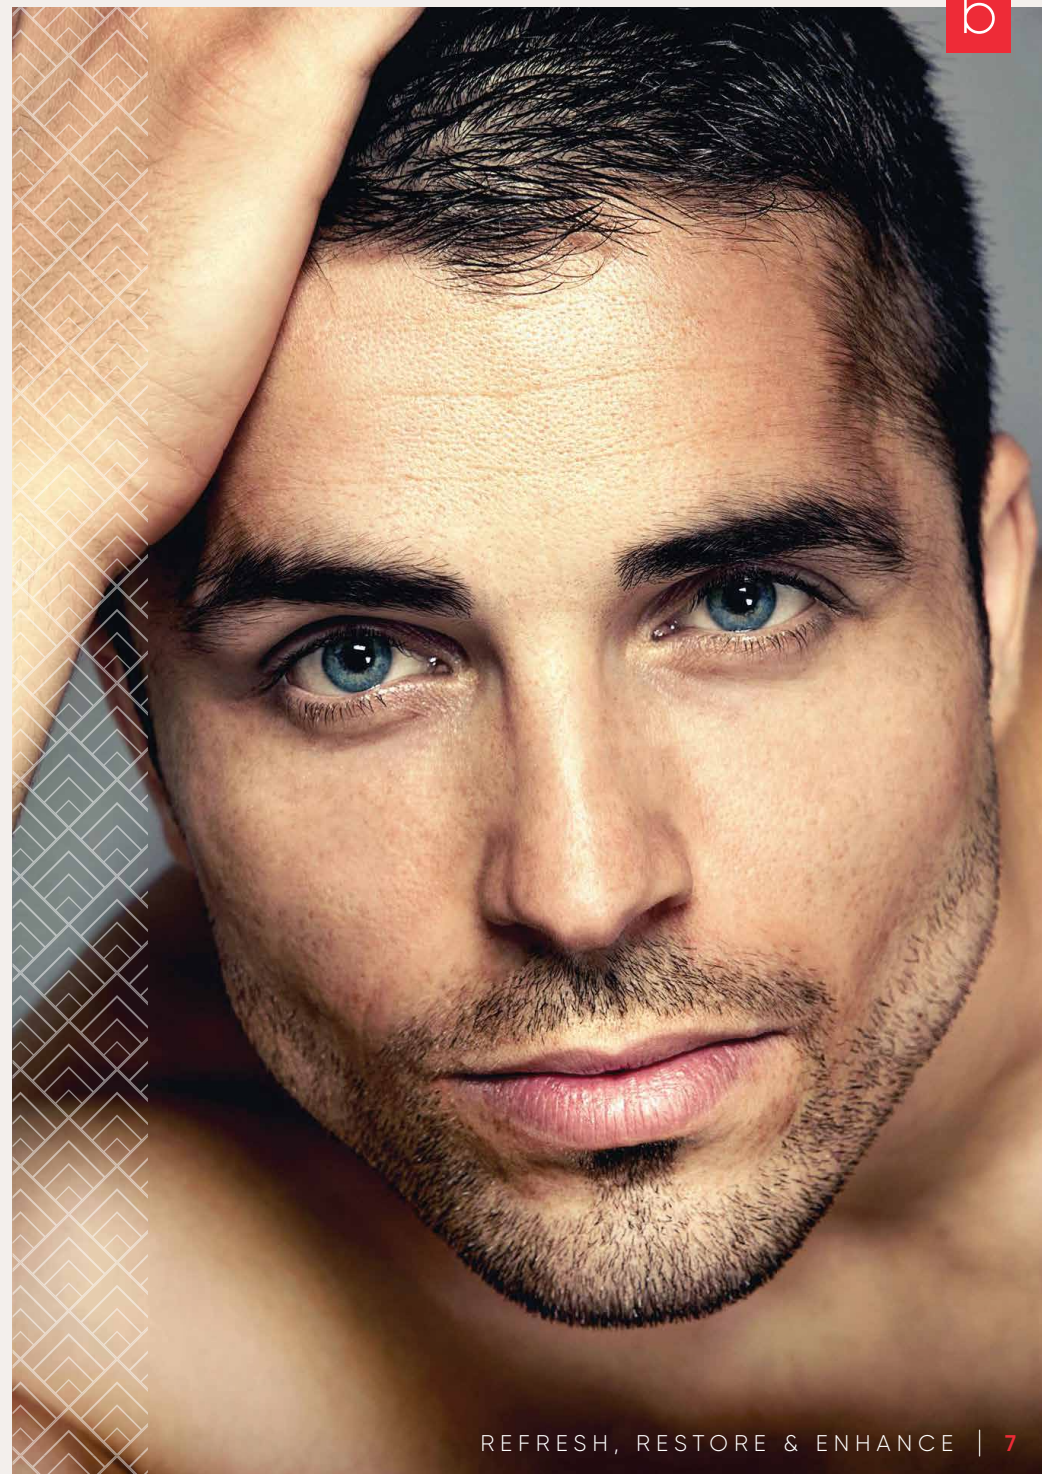

BIOSTIMULATOR FILLER

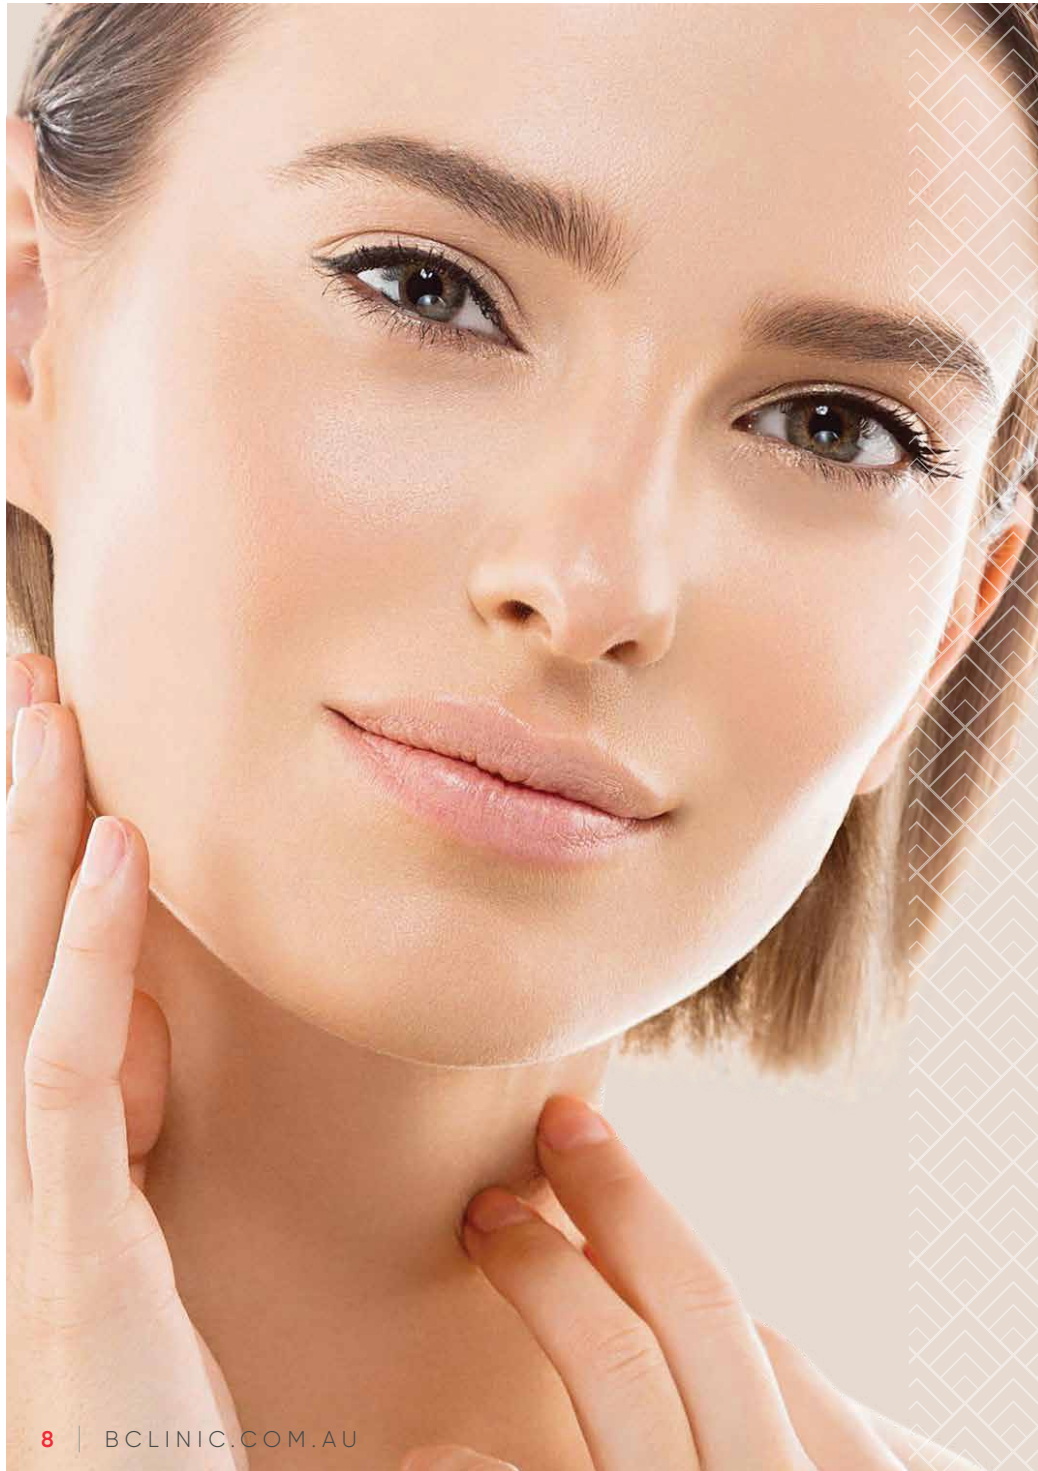

This unique filler can do more than just replace lost volume in the face. It can also be used to improve skin quality by promoting collagen growth. Collagen is linked to youthful skin, and this filler encourages your body to produce more of it.

This filler has the capacity to generate long-lasting results (up to 1 year depending on the dose and area treated).

Suitable to treat jawline, chin area, cheek and mid-face fine lines and wrinkles and backs of hands.

1.5 ML	From \$1,150
--------	--------------

BEAUTY BOOSTER TREATMENT

A non-volumising filler designed specifically as a skin booster treatment.

Targets fine lines, increases hydration and boosts skin radiance. Suitable to treat whole face, upper and lower eye area, neck, décolletage and backs of hands.

1 ML	From \$410
2 ML	From \$660
3 ML	From \$880

*This treatment is available at selected clinic locations only.

Look & Feel
your best

THREAD LIFT PROCEDURE

MINT PDO thread is the latest innovation in facial lifting without surgery. This is a minimally invasive procedure that does not require general anaesthesia nor big incisions. It is introduced into the deeper layers of the skin, and the helically molded barbs on the MINT PDO anchors onto the sagging tissue, and the thread is lifted upwards to achieve an instant, rejuvenating and contouring effect. This procedure is particularly indicated for the mid face and jowls.

TREATMENT PRICING START From \$2,400

To see if you are suitable candidate for this procedure, please book a free consultation.

ULTHERAPY

ULTHERAPY is a non-surgical skin tightening and lifting procedure, which relies on high-intensity ultrasound to non-invasively contract facial skin and stimulates collagen growth, resulting in a younger, more lifted appearance. For more information about this treatment please see our website or book in for a complimentary consultation to see if you are an ideal candidate for this treatment.

LOWER FACE TREATMENT	\$1,980
----------------------	---------

*This treatment is available at selected clinic locations only.

ReStore

MATRIX PDO THREADS

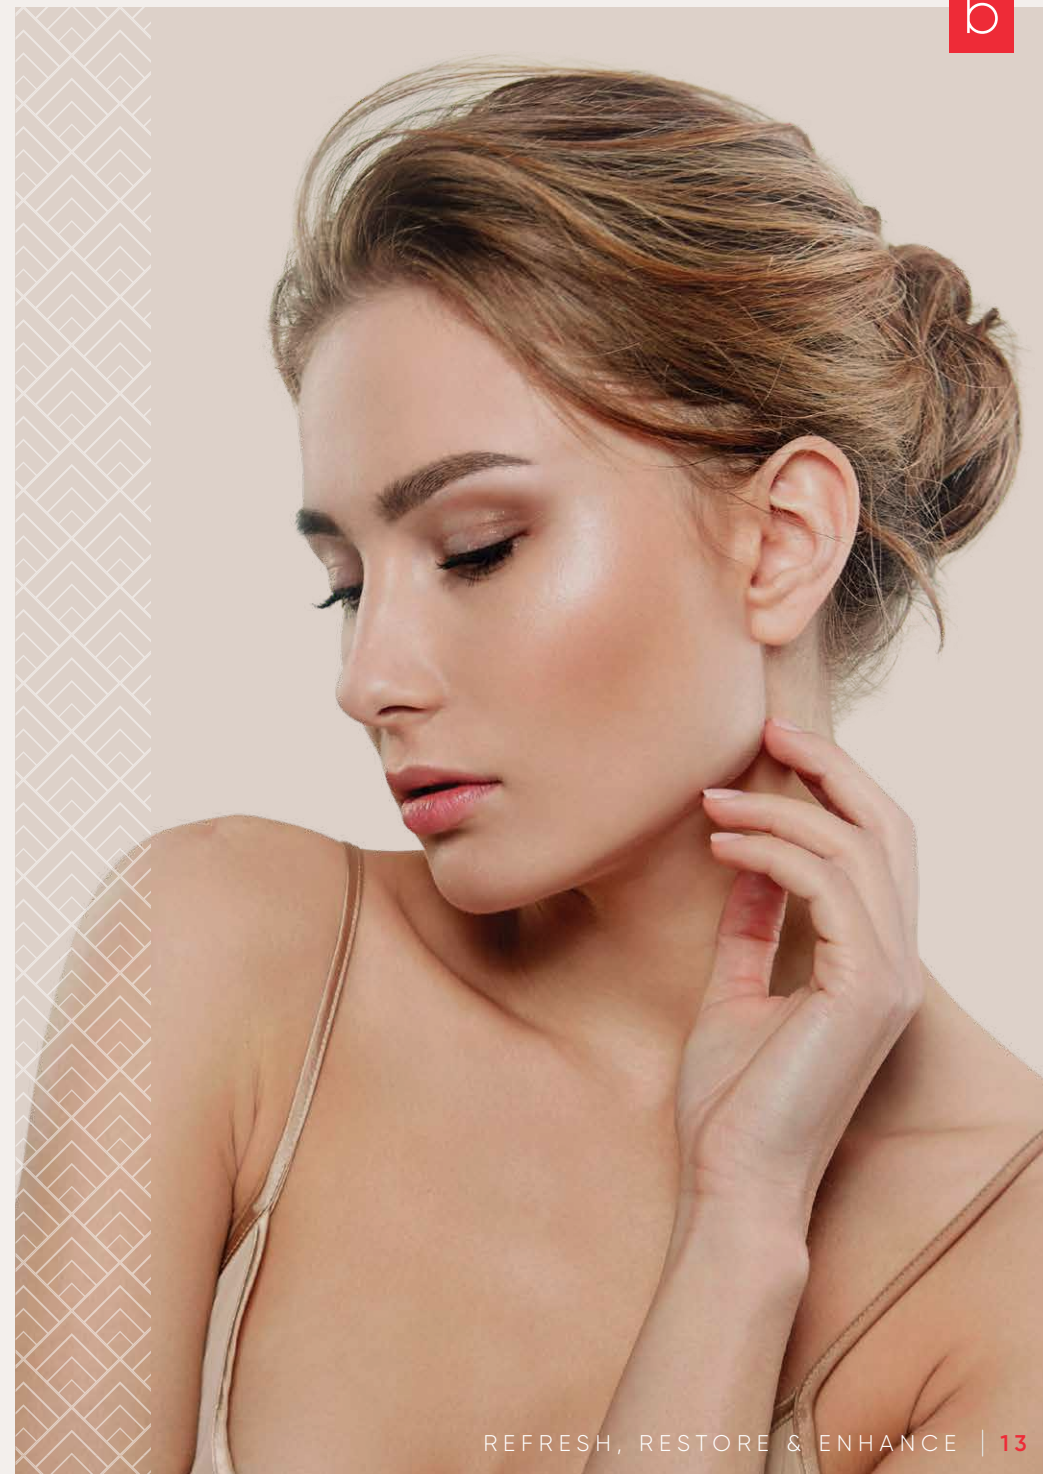

The Matrix PDO thread treatment uniquely improves clients' skin texture by thickening and tightening the skin. It can also create volume and support to give a subtle lift to areas of the face and body that are starting to show the visible signs of ageing, such as fine lines and mild skin laxity. The Matrix PDO Threads differ from the PDO Thread Lift, which has long barbed threads to lift tissues. However, they can still improve fine lines and wrinkles by gradually stimulating your natural collagen.

Suitable to treat the face, neck, chest, arms, abdomen, buttocks and above the knees.

The cost of this treatment will vary based on the size of the treatment area.

TREATMENT PRICING STARTS From \$250

During your free consultation, your b clinic practitioner will advise you of the exact cost to treat your area of concern.

PRP SKIN REJUVENATION & HAIR RESTORATION

As we age, we produce less collagen and elastin in our skin, which causes lines, wrinkles and thinning of the skin. PRP therapy is a treatment that uses your own blood platelets to stimulate new cell growth, helping to improve your complexion, skin texture and to restore lost volume in our face, neck, décolletage, hands. This treatment can also be beneficial in treating thinning hair. If treated early PRP treatment can stimulate natural hair growth to prevent the progression of further hair loss and increase the thickness of hair.

PRP TREATMENT IS SUITABLE FOR:

- ✓ Tired and dry skin, laxity of skin, uneven pigmentation
- ✓ Signs of skin ageing
- ✓ Fine lines and wrinkles
- ✓ Overall texture and tone improvement
- ✓ People who may experience a risk of allergic reactions from other treatments
- ✓ People looking for a natural treatment using the body's own healing process
- ✓ Concerns with hair loss or thinning hair

To see if you are a suitable candidate for this treatment, please book a free consultation. Treatments are available at Fortitude Valley and Sunnybank clinic locations.

GLOW FACIAL

This powerful facial takes skin needling to the next level. Offering skin rejuvenation and anti-aging benefits. Designed to thicken, tighten, and improve skin texture to help you glow with youthful vitality.

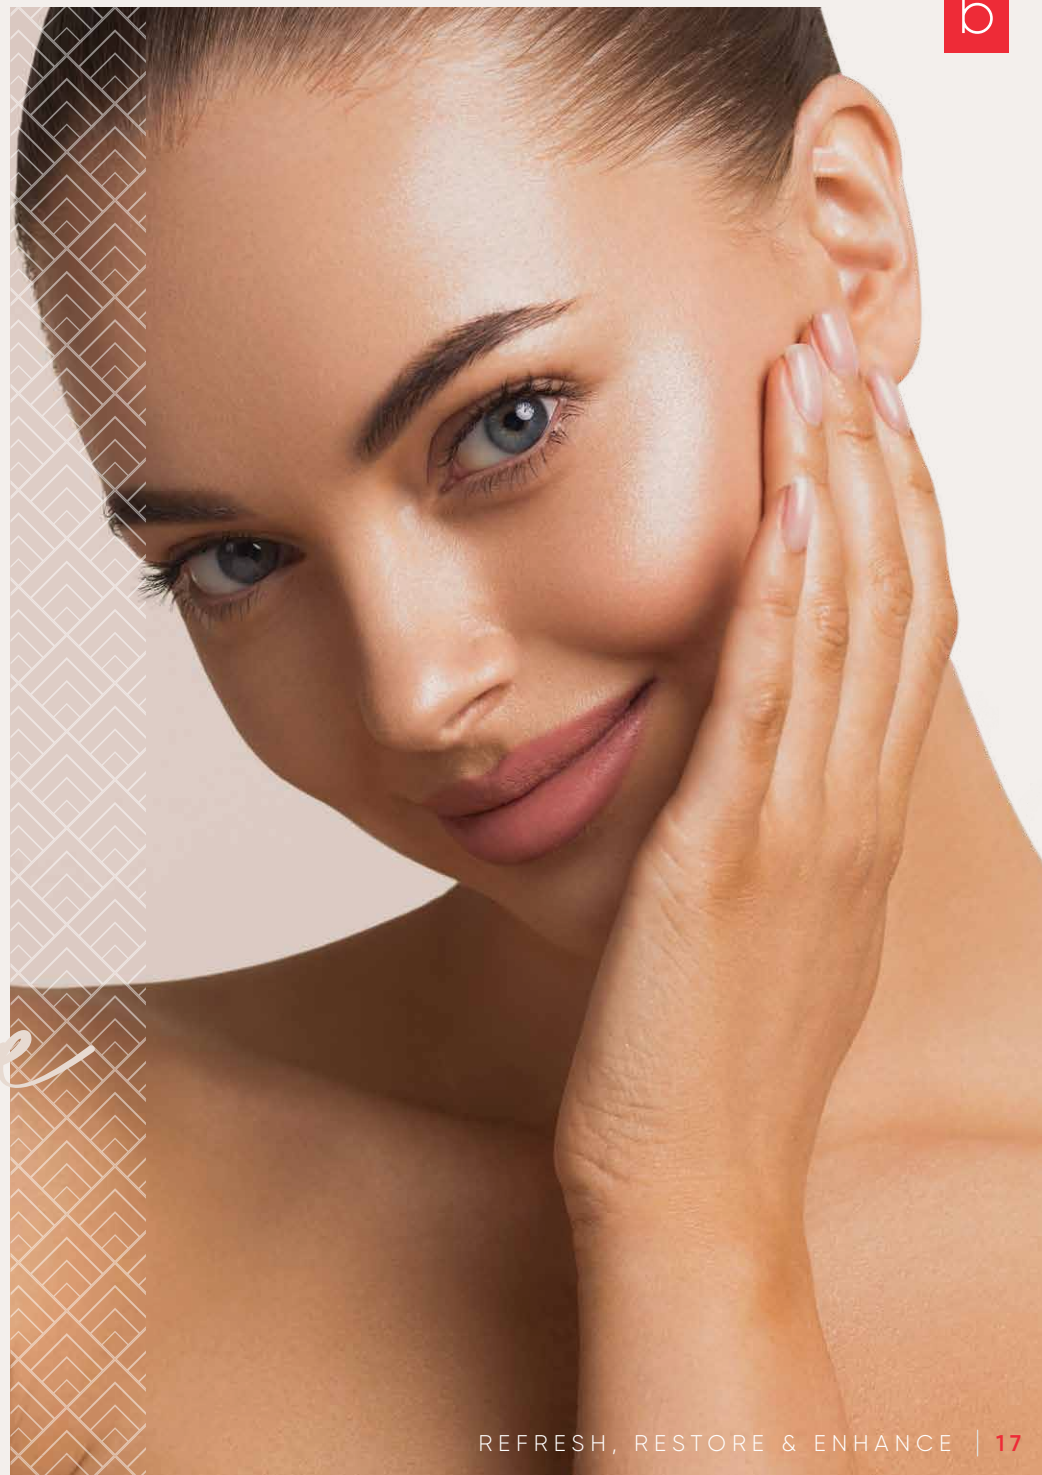

Includes a full-face and neck treatment starting with a thorough cleanse followed by a combined PRP & Dermapen skin needling treatment, finished off with a smoothing HA peptide mask.

ONLY \$499

T&C's apply.

This treatment is only available at the Burleigh Heads, Fortitude Valley and Sunnybank clinic locations.

Revitalise

YOUTH BOOSTER FACIAL

NCTF BOOST 135 HA is a unique anti-ageing cocktail of Hyaluronic acid + 59 skin revitalising vitamins and minerals to nourish and hydrate your skin.

When combined with Dermapen skin needling, this treatment will not only stimulate collagen and elastin production to improve skin tone, reduce pore size, and treat fine lines; it will leave your skin looking healthier, brighter, and more youthful.

Includes a full face and neck treatment beginning with a thorough cleanse and a light skin peel, followed with NCTF revitalising complex infused with a Dermapen skin needling treatment.

ONLY \$399

ADD ON HA PEPTIDE MASK FOR \$25

T&C's apply.

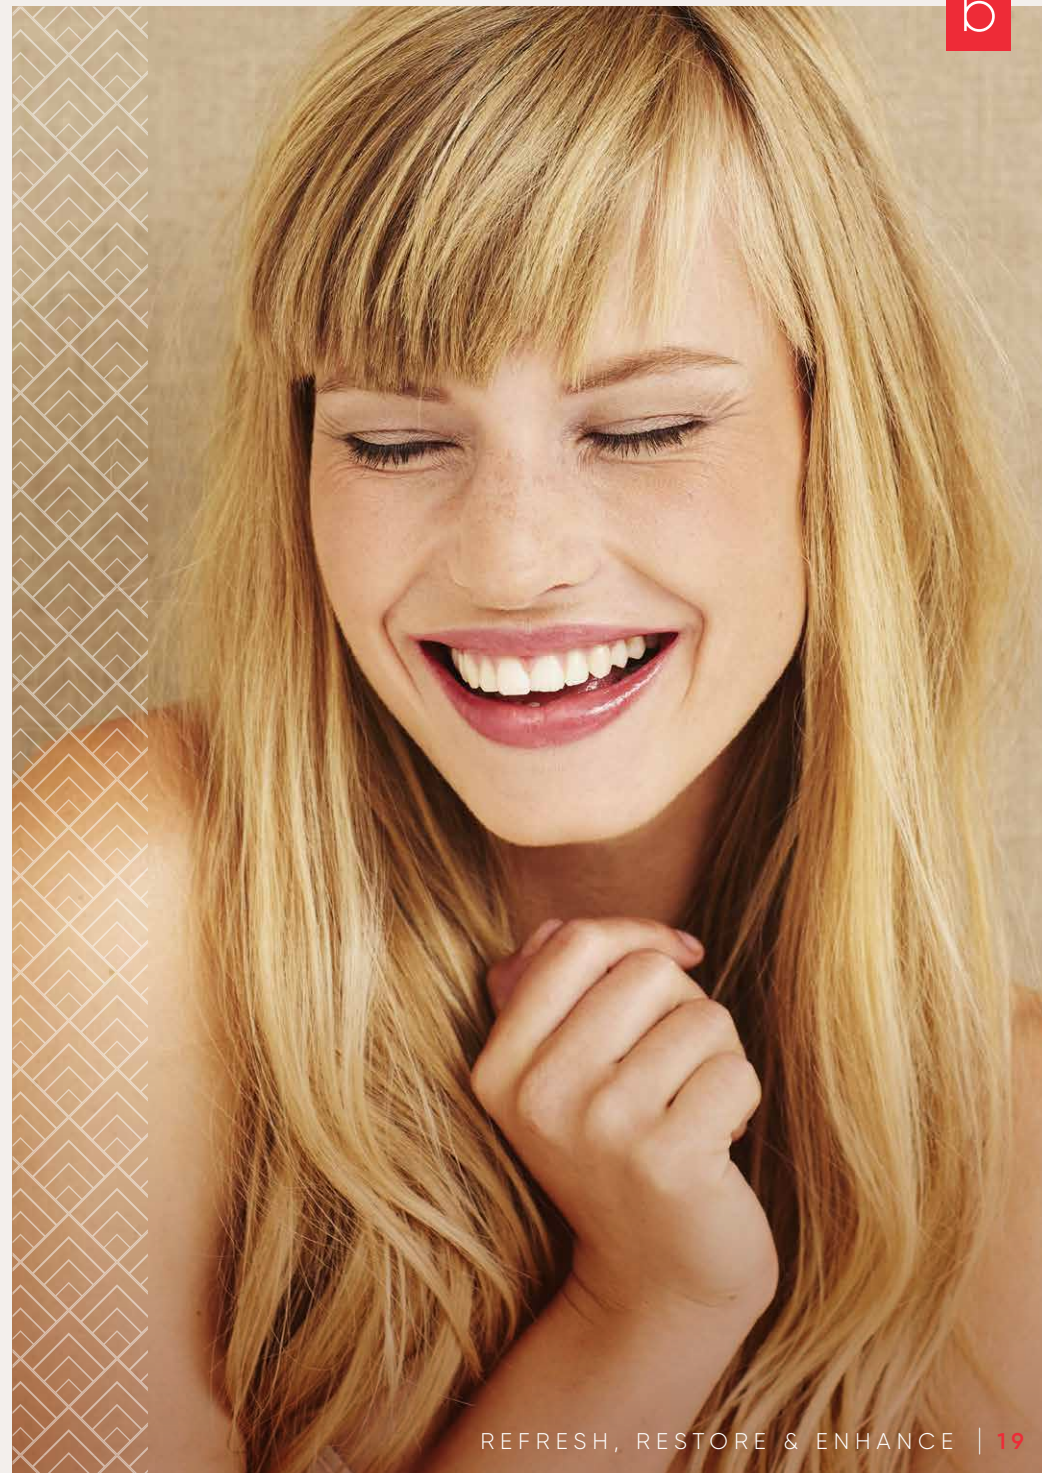

This treatment is only available at the Burleigh Heads, Fortitude Valley and Sunnybank clinic locations.

BE BEAUTIFUL FACIAL

Our Be Beautiful facial treatment involves three steps that work together to give you the best results for your skin. These steps include microdermabrasion, a skin peel using lactic, glycolic, or salicylic acid, and a Skin Boosting HA hydrating recovery mask.

ONLY \$130

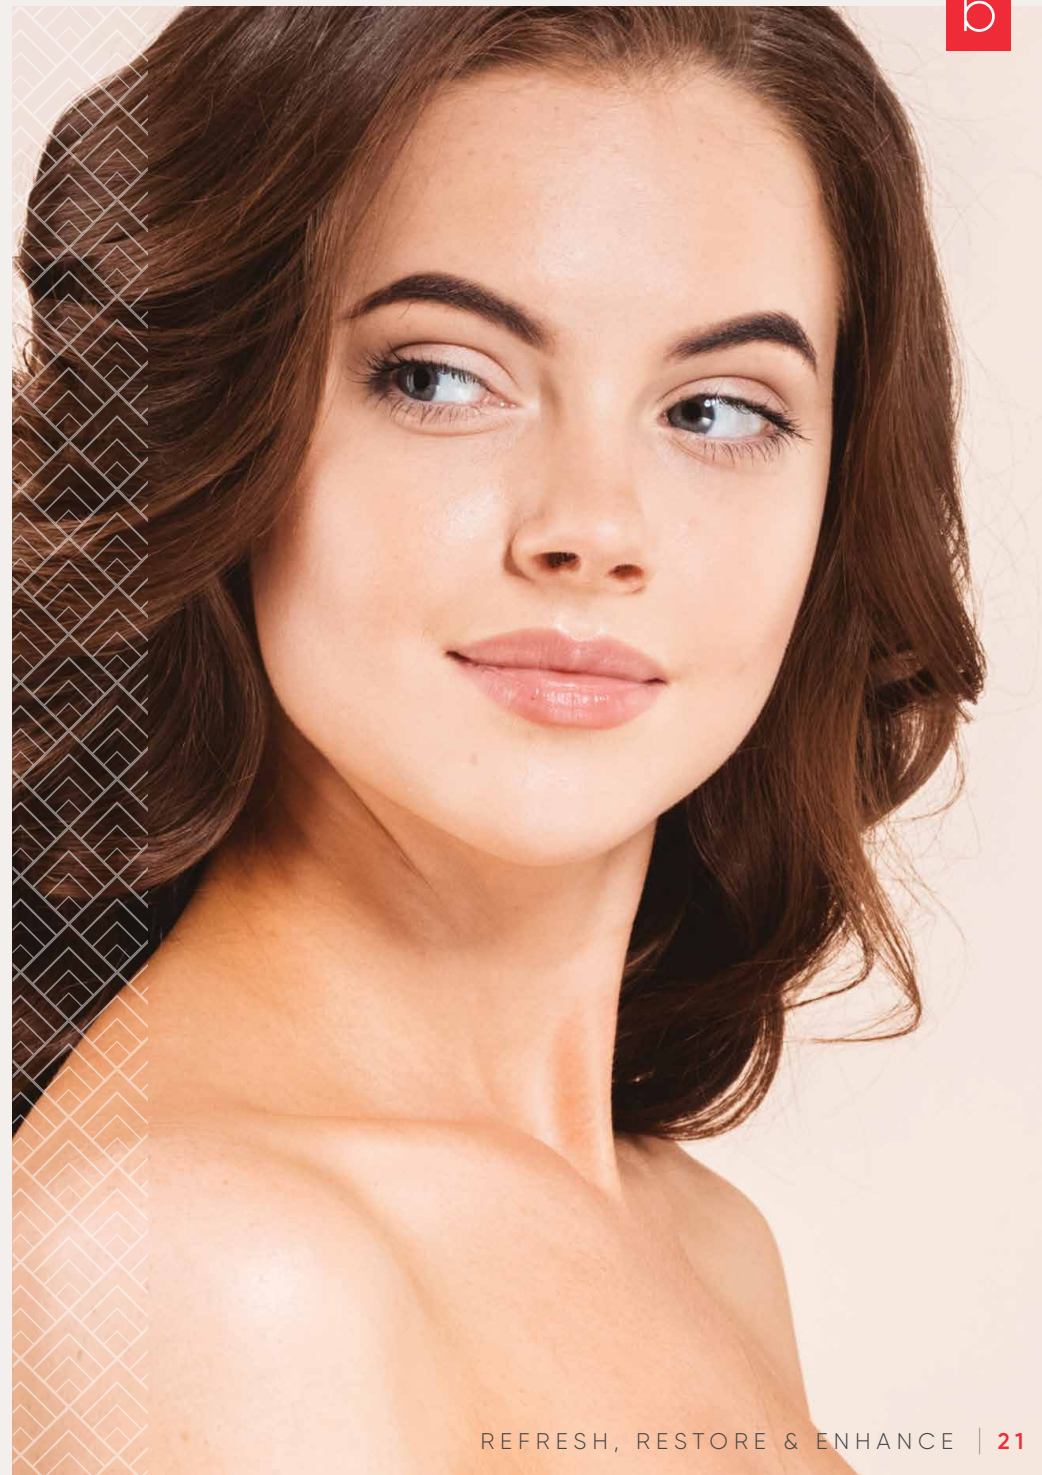

* This treatment is available at the Fortitude Valley, Sunnybank and Burleigh Heads clinic locations.

SKIN NEEDLING

DermaPen is a safe and effective treatment for rejuvenating the skin. Also known as CIT 'Collagen Induction Therapy', skin needling is effective because the underlying action of this treatment is stimulating a natural reaction in your skin to produce more of its own collagen. This helps improve the appearance of the skin surface giving it a natural glow with improved texture, tone and elasticity. Skin needling is a non-invasive procedure that incorporates the power of many surgical grade stainless steel needles to regenerate, rejuvenate and revitalise the skin.

Rejuvenate

PEELS

Medical grade professional skin chemical peels can work in a number of ways to improve or treat skin conditions. They are carefully chosen to exfoliate the buildup of dry, oily, congested and dead skin cells in order to promote a healthy, smooth, flawless and more youthful skin tone and texture.

LACTIC ACID PEEL

Designed to renew, brighten and resurface the skin. It is the gentlest of all our peels as it lightly exfoliates by dissolving dead skin cells. Suitable for most skin types. We recommend a course of 4 – 6 peels, with a treatment every 2 – 4 weeks, dependent on peel strength, peel layers, skin type, skin condition and desired outcome.

\$99

SALICYLIC ACID PEEL

This peel is best suited for congested skin or acne-prone skin. It dissolves dirt deep down in pores and breaks down keratin that produces blackheads and whiteheads. We recommend a course of 4 – 6 peels, with a treatment every 2 – 4 weeks, dependent on peel strength, peel layers, skin type, skin condition and desired outcome.

\$99

GLYCOLIC PEEL

This peel does not only exfoliate dead skin cells but with a course of treatments, it can assist in reducing fine line and wrinkles. It can also be used to treat scarring and skin discolourations. This peel also stimulates your own natural collagen production, making it a beneficial treatment to keep your skin looking smooth and youthful. We recommend a course of 4 – 6 peels, with a treatment every 2 – 4 weeks, dependent on peel strength, peel layers, skin type, skin condition and desired outcome.

\$99

TIMELESS/VITAMIN A PEEL

Very superficial to medium peel. For ageing, wrinkles, thin and dull skin. Suitable for most skin types. We recommend a course of 6 treatments, having treatments 2 – 6 weeks apart. Results are dependent on peel strength, skin type, and skin conditions.

\$150

JESSNER PEEL

A combination of salicylic acid, lactic acid and resorcinol, (we also have modified versions for sensitive skin types) – superficial to medium depth peel (depending on layers applied). Oily skin, enlarged pores, congestion and pigmentation. Suitable for most skin types. We recommend a course of 4 – 6 peels, with a treatment every 2 – 4 weeks, dependent on peel strength, peel layers, skin type, skin condition and desired outcome.

\$140

TCA PEEL

Superficial/medium/deep peel. (Depending on strength and layers). This is an ideal peel to treat severe sun-damaged, photo ageing, pigmentation, anti-ageing, and thickened skin and mild scarring. Suitable only for lighter skin types I – III. We recommend a course of 1 – 4 peels, 1 – 6 months apart, dependent on peel strength, peel layers, skin type, skin condition and desired outcomes.

\$200

BUY ANY 3 PEELS AND GET 1 FREE.

For full terms and conditions on packs please see website for details.

MEDICAL GRADE MICRODERMABRASION

Medical microdermabrasion treatments are designed to achieve smoother, brighter-looking skin by thoroughly exfoliating the skin's surface.

FULL FACE TREATMENT	\$99
FACE, NECK AND DÉCOLLETAGE	\$149
FULL FACE: PACK OF 3 TREATMENTS	\$230
FULL FACE, NECK AND DECOLLETAGE PACK OF 3 TREATMENTS	\$350

Add on a Lactic acid peel, Salicylic acid peel or Glycolic peel for an extra \$50 or Skin Boost Mask for an extra \$25.

LASER & IPL SKIN REJUVENATION

WHAT SKIN CONDITIONS DO WE TREAT?

Laser Skin Rejuvenation can treat the following skin conditions:

- ✓ Unwanted skin discolouration such as Melasma/Pigmentation
- ✓ Uneven skin tone
- ✓ Sun damaged skin
- ✓ Fine lines/wrinkles
- ✓ Enlarged pores
- ✓ Acne scarring
- ✓ Age spots and sunspots
- ✓ Blackheads
- ✓ Loss of elasticity

To achieve optimal results for your skin, a combination of treatment modalities may be necessary. Our skilled dermal and laser clinicians can help determine the best treatment options for your specific concerns. Schedule a free consultation with us to receive personalised treatment plan.

To learn more about the conditions we treat and available treatment options, please refer to our guide on page 36.

ERBIUM FRACTIONAL & CO2 FRACTIONAL LASER

As a non-invasive treatment, fractional laser resurfacing is both safe and highly effective in helping you to look and feel fabulous. This treatment is designed to create smoother, fresher looking skin, improve tone, texture and pigmentation, reduce wrinkles around the eyes and improve the appearance of acne scarring and surgical scars. Targeted laser therapy stimulates the skin cells to repair and produce new collagen, without the damage that more invasive treatments cause to the skin. Old and damaged cells are replaced with fresh, glowing, healthy new skin.

The specific number of treatments will be tailored to your goals and desired results as well as your lifestyle and other commitments. Your clinician will work with you to identify the appropriate level of treatment and your preferred downtime.

FULL FACE TREATMENT PRICE From \$990

*Fractional laser treatment is available at Sunnybank and Fortitude Valley clinic locations.

REVLITE LASER TONING

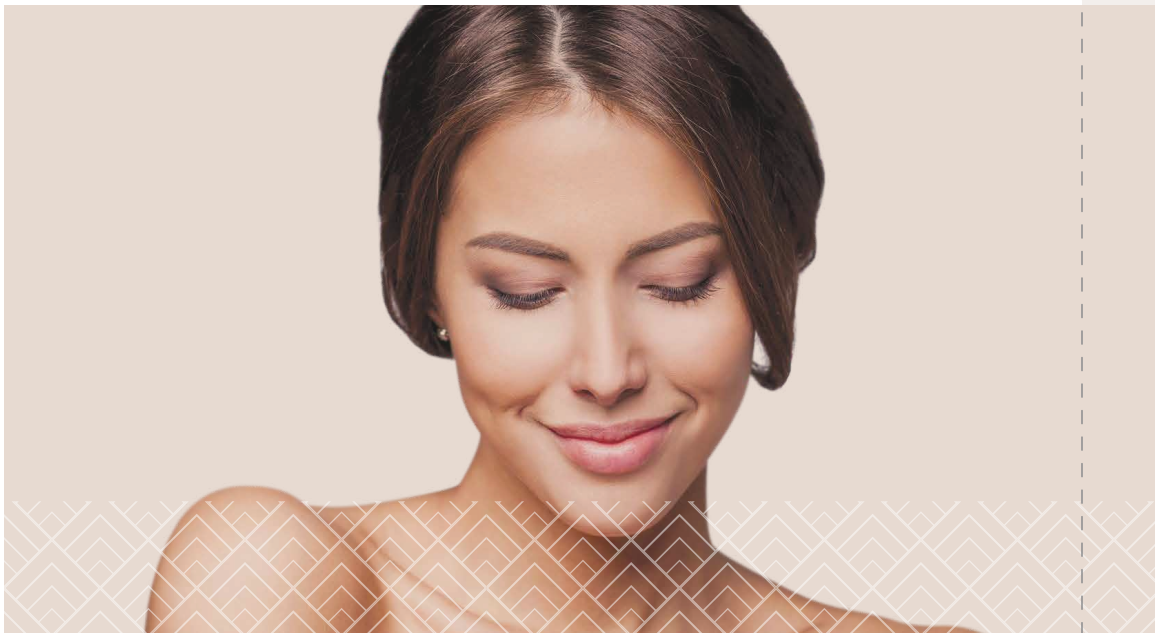

Laser toning is a safe and effective treatment that requires no downtime making it an ideal treatment to fit into your lunchtime schedule. Designed to leave your skin looking brighter and more luminous. Using 1064 nd yag technology, it can safely treat all skin types to rejuvenate skin tone, address pigment concerns, and tightens pores. For optimal results, 6-10 treatments are usually recommend 2-4 weeks apart.

FULL FACE: \$220 PER TREATMENT

FULL FACE PACK OF 3 TREATMENTS: \$570

*A package is defined as the purchase of 3 treatments paid in advance. This treatment is available at the Fortitude Valley clinic only.

RESURFX® NON-ABLATIVE FRACTIONAL LASER

If you're looking for a safe and effective way to improve damaged skin on your face, neck, chest, hands, or other areas, the RESURFX® non-ablative fractional laser might be just what you need. This treatment can help improve fine lines and wrinkles, mild acne scarring, stretch marks, and mild skin laxity.

By stimulating the production of new collagen and elastic fibres in the deeper layers of your skin, each ResurFX treatment can help you achieve more radiant, youthful-looking skin. This treatment involves minimal downtime and discomfort and is less risky than other aggressive laser treatments.

	Individual	Packages
FULL FACE	\$300	\$720
NECK	\$175	\$420
DECOLLETAGE (CHEST)	\$300	\$720
FACE, NECK & DECOLLETAGE	\$600	\$1,440

*A package is defined as the purchase of 3 treatments paid in advance. This treatment is available at the Fortitude Valley clinic only.

PICOSURE LASER

PicoSure is a fast and easy non-surgical, non-invasive laser skin treatment that concentrates on conditions such as age spots, freckles, sun damage, pigmented lesions, fine lines and wrinkles or scars.

In the past, laser technology caused patient discomfort and substantial skin redness, swelling and downtime, this gentler approach provide excellent results, minus the pain and downtime associated with traditional, heat-based lasers and is suitable for all skin types.

Rejuvenate and refresh your skin today with PicoSure's breakthrough technology and receive noticeably clearer skin quicker, and with fewer treatments.

For optimal results, 3 treatments are usually recommended 4-6 weeks apart.

FULL FACE: \$380 PER TREATMENT

FULL FACE PACK OF 3 TREATMENTS: \$1,020

*T&Cs apply on packs, see website for details. This treatment is available at Sunnybank clinic.

PHOTOFRACTIONAL TREATMENT

This unique skin rejuvenation treatment combines two of our favourite treatments, IPL and ResurFX non-ablative fractional laser.

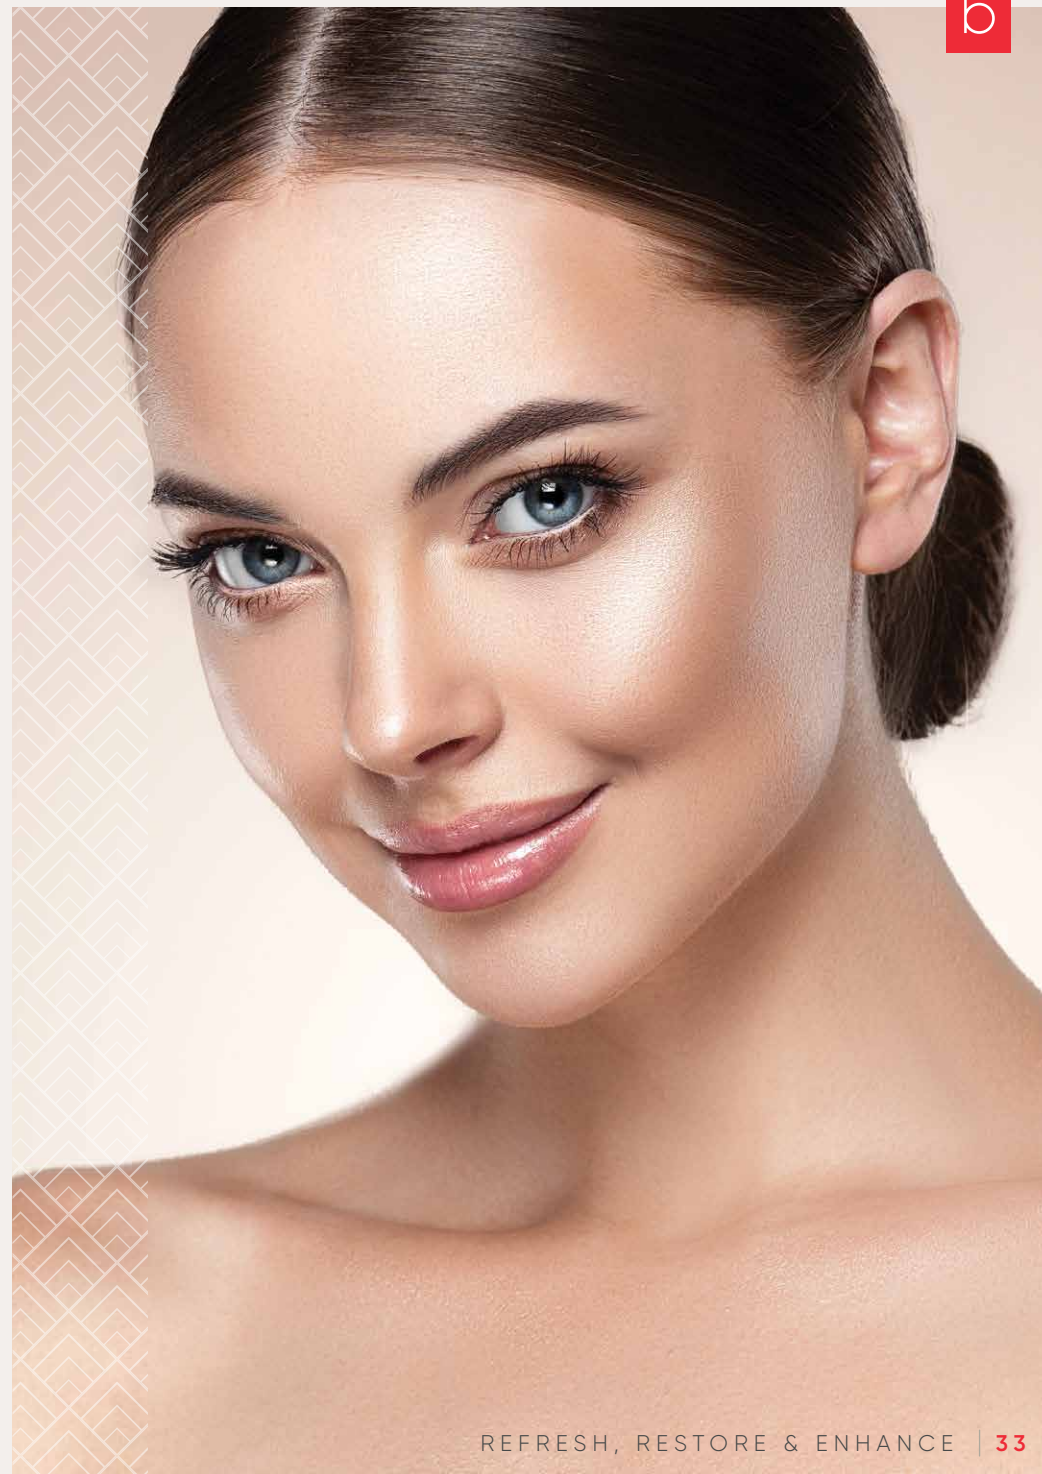

Combining IPL and ResurFX technologies in the same treatment session, allows us to treat both pigmentation and texture simultaneously.

The Stellar M22 IPL technology effectively removes unwanted pigmentation, broken blood vessels, and redness from the skin, while the ResurFX non-ablative fractional laser stimulates the production of new collagen and elastic fibres in the deeper layers of the skin. Stimulating new collagen production is the key to more radiant, youthful-looking skin.

Treats fine lines, wrinkles, sunspots, pigmentation, redness, broken capillaries, and boost collagen production.

	Individual	Packages
FULL FACE	\$500	\$1,200
FULL FACE & NECK	\$650	\$1,560
NECK & CHEST	\$650	\$1,560
CHEST	\$500	\$1,200
FACE, NECK & CHEST	\$1,000	\$2,400

*A package is defined as the purchase of 3 treatments paid in advance. This treatment is available only at the Fortitude Valley clinic.

IPL SKIN REJUVENATION

A cosmetic treatment that uses gentle pulses of intense optimised light to treat undesirable pigment and facial capillaries/redness which can occur as a result of ageing and lifestyle choices.

FACE	Individual	Packages

Pigment may appear darker for up to 2 weeks. Bruising can occur.	1hr 15min, including numbing. *Can be longer if treating multiple areas. *3-5 treatments are recommended, 4-6 weeks apart to achieve optimal results.	Some clients appear flushed, or may experience slight swelling, tingling, or tenderness to touch. These side effects are mild and temporary in nature and are not expected to interfere with normal daily activities.	Full face, neck, chest, hands and arms.	Fortitude Valley clinic only.

LASER TATTOO REMOVAL WITH PICOSURE AND REVLITE

At b clinic, we use both nanosecond and picosecond lasers, which are internationally recognised as the safest and most effective for fading and removing tattoos.

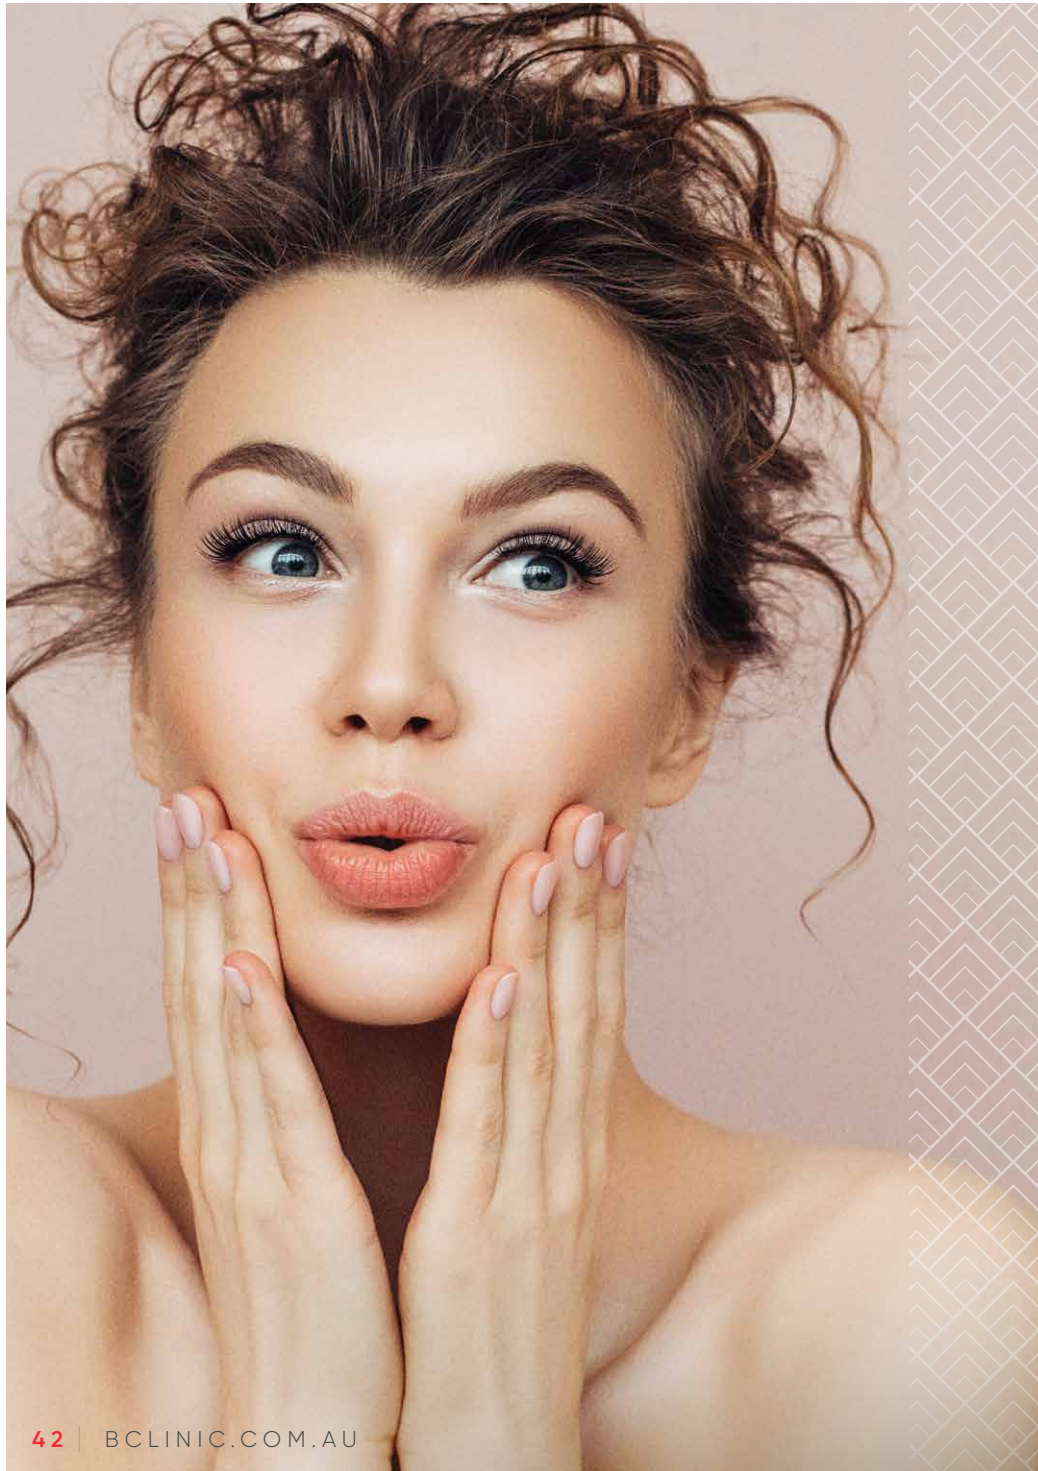

Combine our highly trained staff and state of the art technology we offer higher success rates in black and coloured ink, with minimal negative side effects and scarring than any other forms of tattoo removal.

Cosmetic tattoos can also be removed and faded as well; at b clinic, we can treat brows, lips and areola.

TREATMENTS START FROM JUST \$75

Book a complimentary consultation with one of our experienced and fully qualified laser technicians at our Fortitude Valley or Sunnybank clinic locations.

ACTIVE SKINCARE

At b clinic, we know skin and we strive to give our clients the best, youngest and healthiest looking skin possible. To achieve that, we recommend using super clean ingredients that contain botanically based products that feature clinical levels of active ingredients and avoiding those that contain synthetics and skin-irritating chemicals. COSMEDIX is a skincare brand that puts the skin's delicacy at the forefront by only using the purest ingredients that work to correct some of the most troublesome skin concerns.

Our own brand, b skin, is a scientific-based range of skincare that was designed with ease of use in mind. We stock and recommend both of these products not only due to their effectiveness but also because they are free of artificial fragrances, dyes, and parabens, and are completely cruelty-free.
